

TEMPERATUR SENSORS, COMPONENT PARTS AND MAINTENANCE
ALL-ROUND SUPPLIER FOR ALL INDUSTRIAL APPLICATIONS

— since 1970 —
RECKMANN
INSTRUMENTATION + CONTROL TECHNOLOGY

Warranty granted by RECKMANN GmbH

If no other written project-specific agreements have been made, a warranty period of 6 months is considered agreed by the parties beginning with acceptance by the final customer, however, for no longer than 24 months after delivery of the goods by RECKMANN GmbH.

In case of justified complaints within the warranty period RECKMANN GmbH will remedy the defect itself by maintenance or replace the goods free of charge. Guarantee claims may not be brought if the goods have been stored, transported, handled or installed inappropriate. The same applies to natural aging of the sensors or if the subjects of the contract are exposed to increased wear and tear due to their conditions of use or the subjects of the contract are not used within their operating conditions. The defect subjects of the contract will be returned to RECKMANN GmbH upon request.

Shall the return not be made within 8 weeks or if it turns out after returning it, that RECKMANN GmbH is not responsible for the failure, RECKMANN GmbH can add additional costs including shipment and packaging costs for all parts delivered for a replacement.
